LOCATION: good night, Memphis TN, wherever you are

MOOD: 😴 exanimate

MUSIC: The Pines - Just a Ride

I am so going to sleep on that plane.

And then I am going to go home and sleep in my bed. For approximately 36 hours. With snack breaks. I might be in to work on Wednesday. Don't hold your breath.

I think I need an icon of a coyote asleep on his back with all four feet in the air.

T says I have to thank you for not bringing home a mummified Harpy. And also invite you to dinner so she can thank you in person.

So, er, what are you doing tonight?

(And what did you TELL her?)

I told her, um, nothing? As in didn't even talk to her?

(Tonight I have to take Tasha out after her dinner thing so she can eat. Because climber girls eat real food like real people, not tiny little bites of things in Hollandaise sauce like inside-the-beltway people. But I could have first dinner with you guys. First.

Speaking of climber girls, are you blowing off work tomorrow? Because I am taking another comp day. And tomorrow is supposed to be 56 and sunny. So if you were taking another comp day, we could take a comp day together, and maybe go find a crag. On a weekday. When it's not crowded.)

Well, SOMEBUNNY told her SOMETHING.

....Wabbit?

(Climbing maybe. If she'll let me out of her sight.)

(Well, she has office hours and a class, so....)

(Climbing probably.)

I figure it's your lookout, man, and you should get to break any Tales of Scary Peril at your own speed.

Oh.  
Duh.  
*Cowboy.*

And he's not in today either, so I can't go loom over his desk and make him admit it.

Are we gonna convict in the absence of anything but circumstantial evidence?

April 14 2008, 17:26:51 UTC [COLLAPSE](#)

Well, no, not really.

And it's not as if I can keep her from knowing this stuff. It wouldn't be right. But I don't want her to, you know. Worry.

April 14 2008, 17:30:43 UTC [COLLAPSE](#)

I bet she'd worry more if she thought you wouldn't tell her.

I mean, if it was me, I would.

Well, sheesh, if you're going to be all wise and sensible about it. \*g\*

I guess I'm worried that there's a limit. And I don't want to get to it too quickly.

Um. Yeah. That t-shirt, I haz it. But.

She knows what you do. She's a big girl. I'll see you guys around six? (Does "Chaz should come over for dinner" mean "We're ordering pizza," or "Chaz should come over and plan to cook us dinner!"?)

Pizza, shmizza. T. sez the order's gone in to the good Italian place. Including cannoli. And zabaglione. When rewarding mighty heroes, my girlfriend gets in touch with her roots. \*g\*

Yeah, I remember that t-shirt. 8-{

If T. ever *does* get tired of you, tell her I would consider a sex change.

As for the other thing, well. ...worked out okay. Yes?

Now *this* is why I grew up to be a big damned hero. Yay!

(And with the price of flour rising like it is, I'd better hero faster...)

I ate too much. Purrrrrrrr.

I can't believe you went off to have dinner after dinner. Well, actually, I can. But damn, I bet that took a little of the edge off. \*g\*

Tasha just left me slumped at the bottom of the stairs, because every time I tried to climb up, I rolled down again.

Well, okay, she didn't actually.

Tiramisu FTW. Life is good.

I searched. Apparently coyotes do not sleep for the camera. Except for Charlie.

We should e-mail Charlie's mom and ask for LiveJournal icons.

[April 15 2008, 03:26:38 UTC](#) [COLLAPSE](#)

You totally should, O great and tricksy (only slightly chocolate covered) Wabbit.

And of course Charlie poses for cute pictures, 'cause he's the coolest coyote since Wile E.

I turned a couple of Charlie pictures into icons, and then realized I needed permission before posting them. Foo.

COLLAPSE

*I think I need an icon of a coyote asleep on his back with all four feet in the air.*

Only if you make it clear (zzzzzzz for snores?) that he's not dead, only sleeping! Else you'll get responses you weren't looking for, I think.
